EMERGENCY WARNING NOTIFICATION CHECKLIST

Upon receipt of a zotALERT emergency notification (or other notice by first responders) the on-site leader or designated representative will provide emergency notification to event participants as quickly as possible based on the specific emergency incident circumstances. This checklist should not be considered all-inclusive but should be used as a guide to plan accordingly...modify the checklist as needed.

SECURE-IN-PLACE – POLICE ACTIVITY

- Possible Secure-In-Place incidents: active shooter, protest/civil disturbance, investigation/other police-related activity
- Designated Safety Officer should notify event staff using their communication plan that a secure-in-place notification has been received
- Event staff should begin securing the space (closing blinds, turning off lights, silencing A/V and other equipment, and locking doors/creating barricades). Encourage participants to stay inside.
- Once the space is secure, do not let anyone else inside
- If event is outside – guide event participants to the nearest building and then begin secure-in-place procedures
- If required, use the attached pre-canned notification message
- Reference the Emergency Procedures Flip Chart for general procedures:
http://police.uci.edu/em/UCI_EmerProc.pdf
- The designated Safety Officer should notify event staff when first responders have given the incident an all clear and event participants are safe to resume normal activities

SHELTER-IN-PLACE – HAZMAT

- Possible Shelter-In-Place incidents: hazardous materials spill, fire, wildfire, poor air quality
- Designated Safety Officer should notify event staff using their communication plan that a shelter-in-place notification has been received
- Event staff should close any windows and doors. Encourage participants to stay inside
- Once the space is secure, do not let anyone else inside
- If the event is outside – guide event participants to the nearest building to take shelter
- If required, use the attached pre-canned notification message
- Reference the Emergency Procedures Flip Chart for general procedures:
http://police.uci.edu/em/UCI_EmerProc.pdf
- The designated Safety Officer should notify event staff when first responders have given the incident an all clear and event participants are safe to resume normal activities

EVACUATE

- Possible evacuation incidents: fire, fire alarm activation, as directed by Police/Fire/Zone Crew
- Designated Safety Officer should notify event staff using their communication plan that an evacuation is necessary
- Event staff should begin directing event participants to the nearest safe exits and to the designated emergency assembly area
- If required, use the attached pre-canned notification message
- Consideration should be given to event participants who have functional needs

- Reference the Emergency Procedures Flip Chart for general procedures:
http://police.uci.edu/em/UCI_EmerProc.pdf
- Contact 911 if emergency assistance is needed
- The designated Safety Officer should notify event staff when first responders have given the incident an all clear and event participants are safe to return

EARTHQUAKE

- DROP, COVER, and HOLD ON
- If outside – designated Safety Officer should direct group to an open area away from tall buildings, trees, power lines, or other falling hazards
- Once the shaking has stopped, the Safety Officer should assess the surroundings and check for any injuries
- Evacuate only if you feel it is unsafe to stay inside. If you must leave, use extreme caution and watch for falling debris
- Reference the Emergency Procedures Flip Chart for general procedures:
http://police.uci.edu/em/UCI_EmerProc.pdf
- Call 911 if emergency assistance is needed
- Expect aftershocks
- Follow instructions of campus zotALERT, if issued, after the earthquake

MEDICAL EMERGENCY

- Call 911 if emergency assistance is needed. Provide detailed information on situation and exact location to Dispatch. Assign someone to flag down first responders
- Reporting person stays with the patient until UCIPD/OCFA arrives
- Provide CPR/first aid as necessary and only if trained to do so
- Reference the Emergency Procedures Flip Chart for general procedures:
